

Vancouver Island Parent Conference
Parents and Educators Learning Together

October 30, 2015

Media Release

2016 Vancouver Island Parent Conference set to Make a Difference

This season's Vancouver Island Parent Conference is entitled Launching the Framework: Changing our View of Education. We are encouraging parents and educators alike to be more informed and involved in the transformation of our public school system.

“We have an incredible line-up of speakers with international, provincial and local experience”, said conference chair, Stephanie Longstaff. “Participants will have an opportunity to dialogue with our speakers as well as participate in brain-storming sessions.”

Registration for the conference opens on November 2, 2015.

On-line registration can be found at www.vipc.ca.

The Vancouver Island Parent Conference is presented by the District Parents' Advisory Councils of Greater Victoria, Sooke & Cowichan Valley.
